

SHORT BIOGRAPHY

SACHA POLVERINI

Head of European Regulatory Affairs
Genworth Financial
Mortgage Insurance

Sacha Polverini is responsible for regulatory efforts for Genworth Financial in Europe to increase homeownership opportunities through expanded access to low deposit mortgage loans made available through mortgage insurance.

Sacha's efforts include establishing incentives for lenders to manage low deposit credit exposures prudently within the context of the developing Basel II/CRD regulatory capital standards, sponsoring public/private risk-sharing partnerships, and demonstrating the value of mortgage insurance as a credit enhancement for mortgage bonds and MBS.

Sacha currently holds chairmanship of the Mortgage Insurance Trade Association and represents the European Federation of National Insurance Associations at the Commission's Forum Group on European Mortgage Markets.

Sacha joined GE from the European Mortgage Federation, where he was head of parliamentary and external affairs with additional responsibility for the activities of the EMF's capital market and mortgage bond committee.

A graduate of University L.U.I.S.S. Guido Carli in Rome, Sacha holds a Master's degree in European Political Studies from the Universite Libre de Bruxelles. In addition, he has completed the post-graduate management program at SOLVAY Business School, Ecole de Commerce Solvay, Brussels.

Genworth is a leading insurance holding company, serving the lifestyle protection, retirement income, investment and mortgage insurance needs of more than 15 million customers, with operations in 20 countries, including the U.S., Canada, Australia, the U.K. and more than a dozen other European countries.
